

Jail-Break Bob Space Adventure

Spencer Brereton 101039914, Herman Chung 101042776, Antonio Cordeiro 101036813

Story

Still on the run after escaping from prison in August 2016, and after his brave drag-racing stint on the Google Play Store, Bob travels to the only place authorities can't catch him. Space!

Gameplay

The player will control Bob's spaceship from a 2D-side view. They will press the spacebar to add thrust to the spaceship and send it upwards. They will use the arrow keys to turn the spaceship left and right to avoid obstacles like asteroids. Their score is measured on their distance from the ground.

Features

- Use of the keyboard
- Acceleration and Deceleration formulas
- Distance-based Scoring
